Investec User Manual	page 17
Nedbank User Manual	page 20
Standard Bank User Manual	page 24

Before you make a payment...

1. “Select a bank” instruction

This is the help text that instructs you what to do on the page before making a payment.

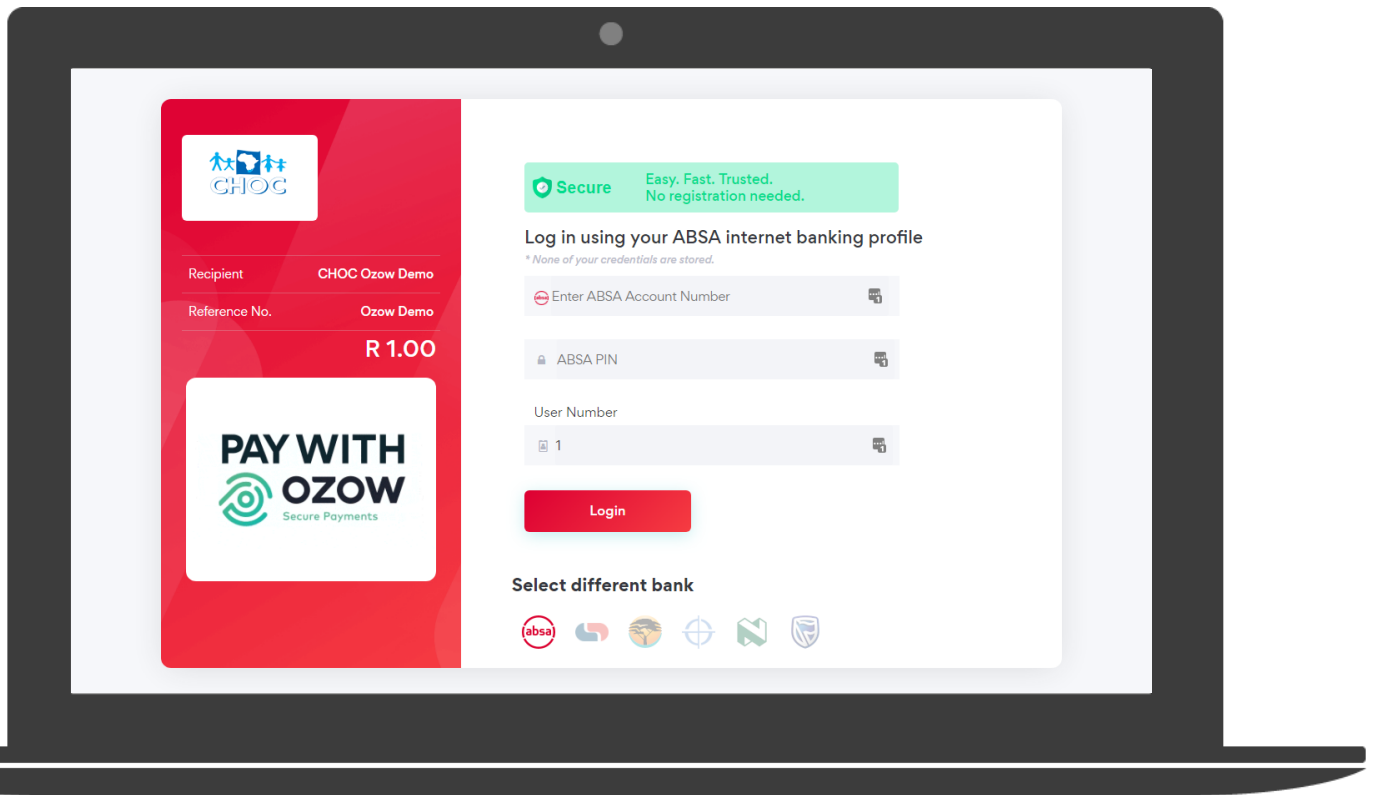

2. Check the payment information with the merchant logo

Check the payment information to make sure that it reflects the correct amount to be paid and that it is for the correct merchant.

3. Select your bank

After you have done all of the above, click on the logo of the bank you are paying with.

Absa User Manual

1. Absa Login Screen

1.1. Enter the logins you currently use for your internet banking. Enter:

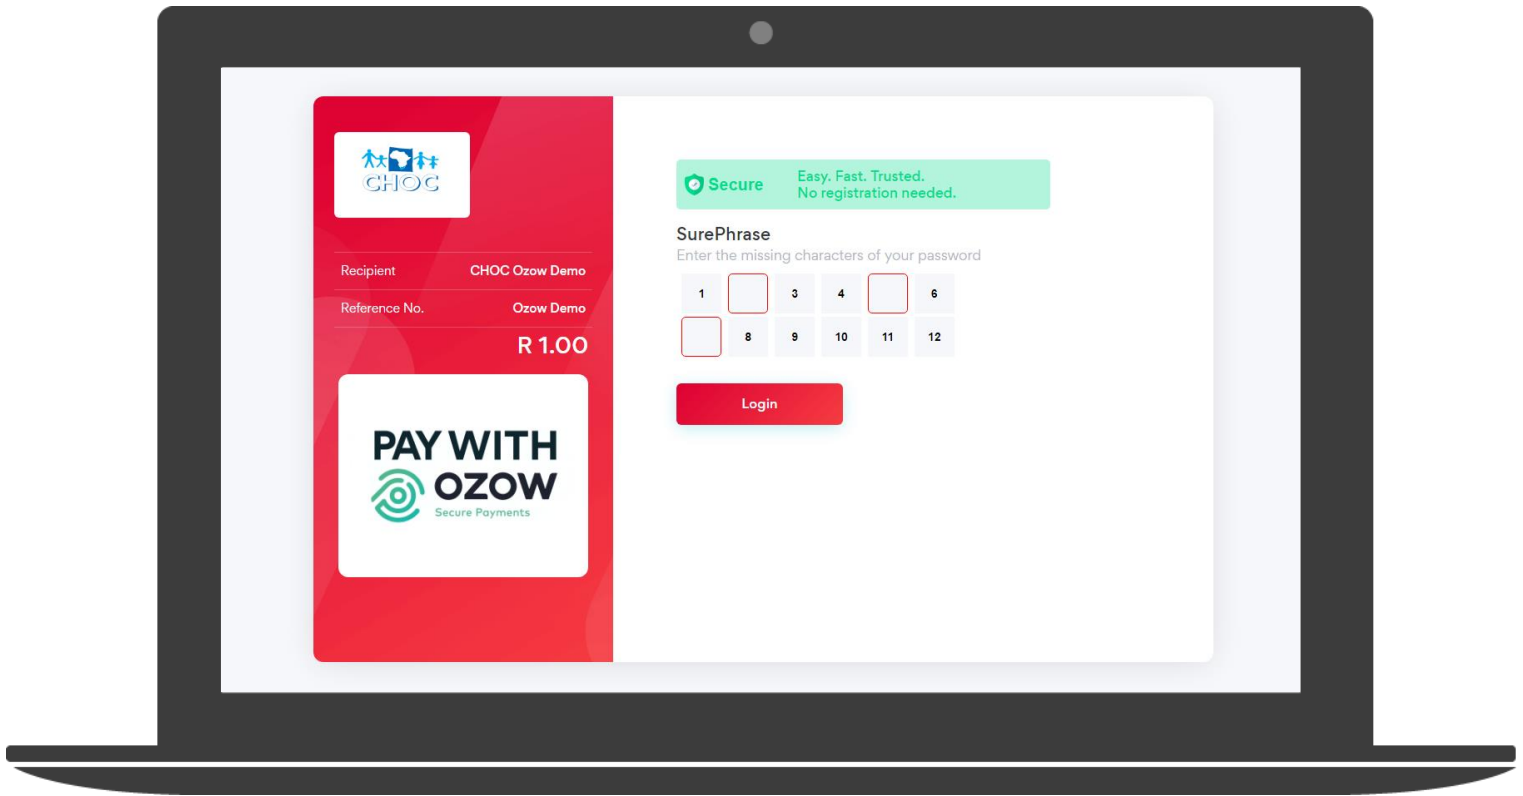

- a. Your Absa Account Number.
- b. Your Absa PIN.
- c. Your Absa User Number (1 comes as a default).

1.2. Click the red “Login” button.

2. Absa Mobile Authentication Sent Screen

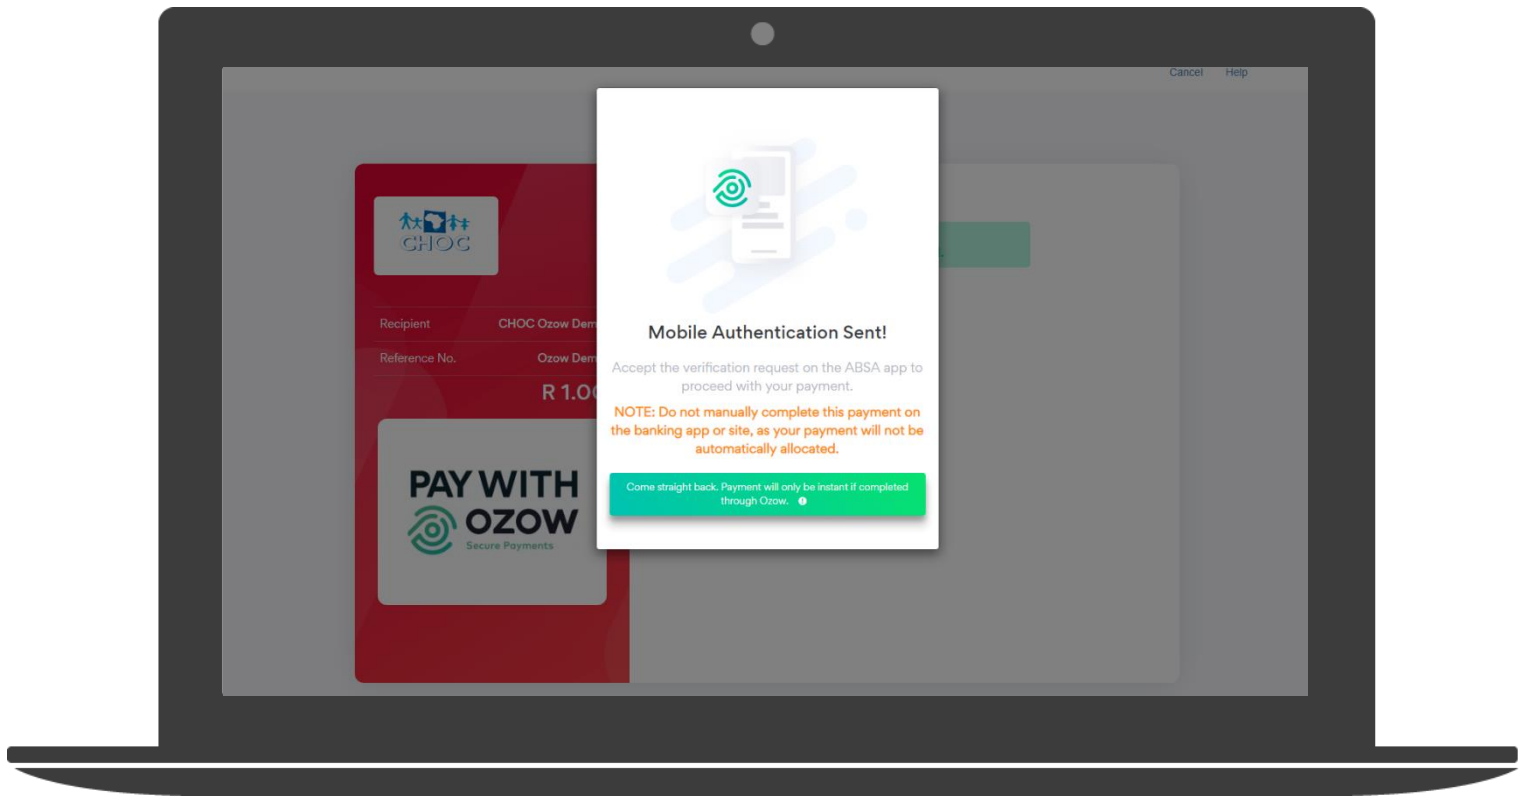

2.1. If you have the Absa App, Absa will then ask you to confirm login via the Absa App.

3. Absa SurePhrase Screen

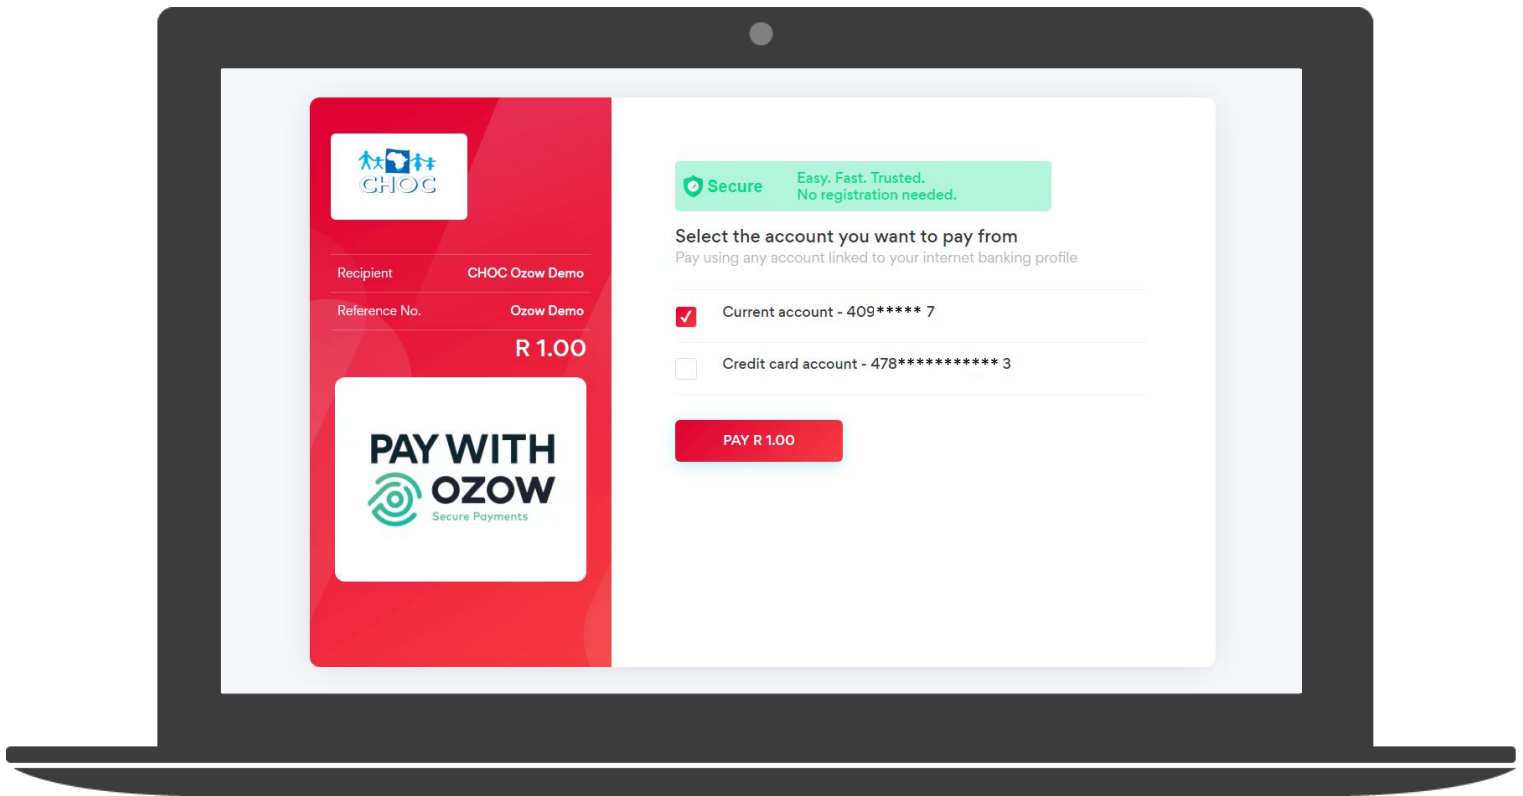

3.1. Enter the missing characters of your password.

3.2. Click the red “Login” button.

4. Absa Mobile Authentication Sent Screen

4.1. If you have the Absa App, Absa will then ask you to confirm this SurePhrase login via the Absa App.

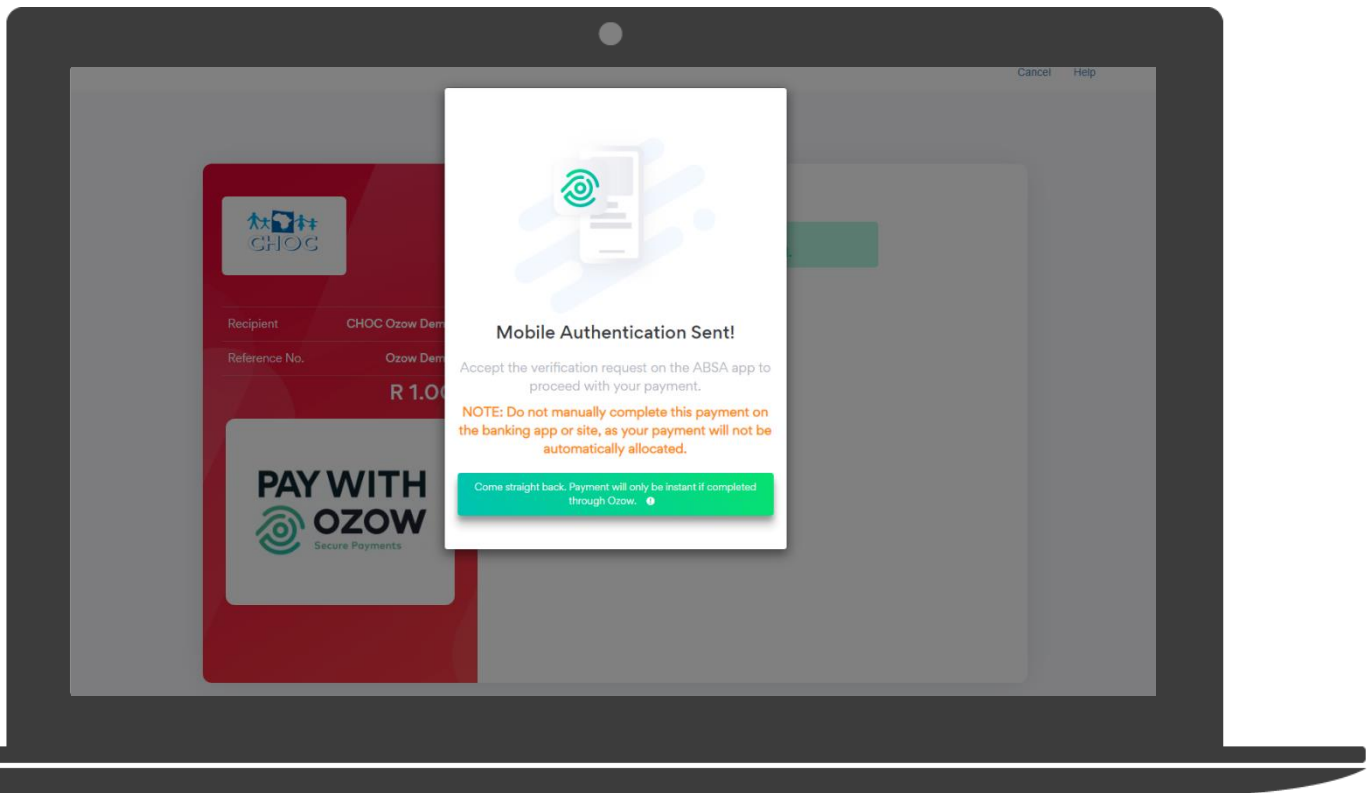

5. Absa Select Account Screen

5.1. Select the account that you would like to pay from.

5.2. Click the red “Pay” button.

NB: This step will be skipped automatically if there is only one account linked with this bank.

6. Confirm Payment with Absa

6.1. Absa will then ask you to confirm payment. This can be done in the form of:

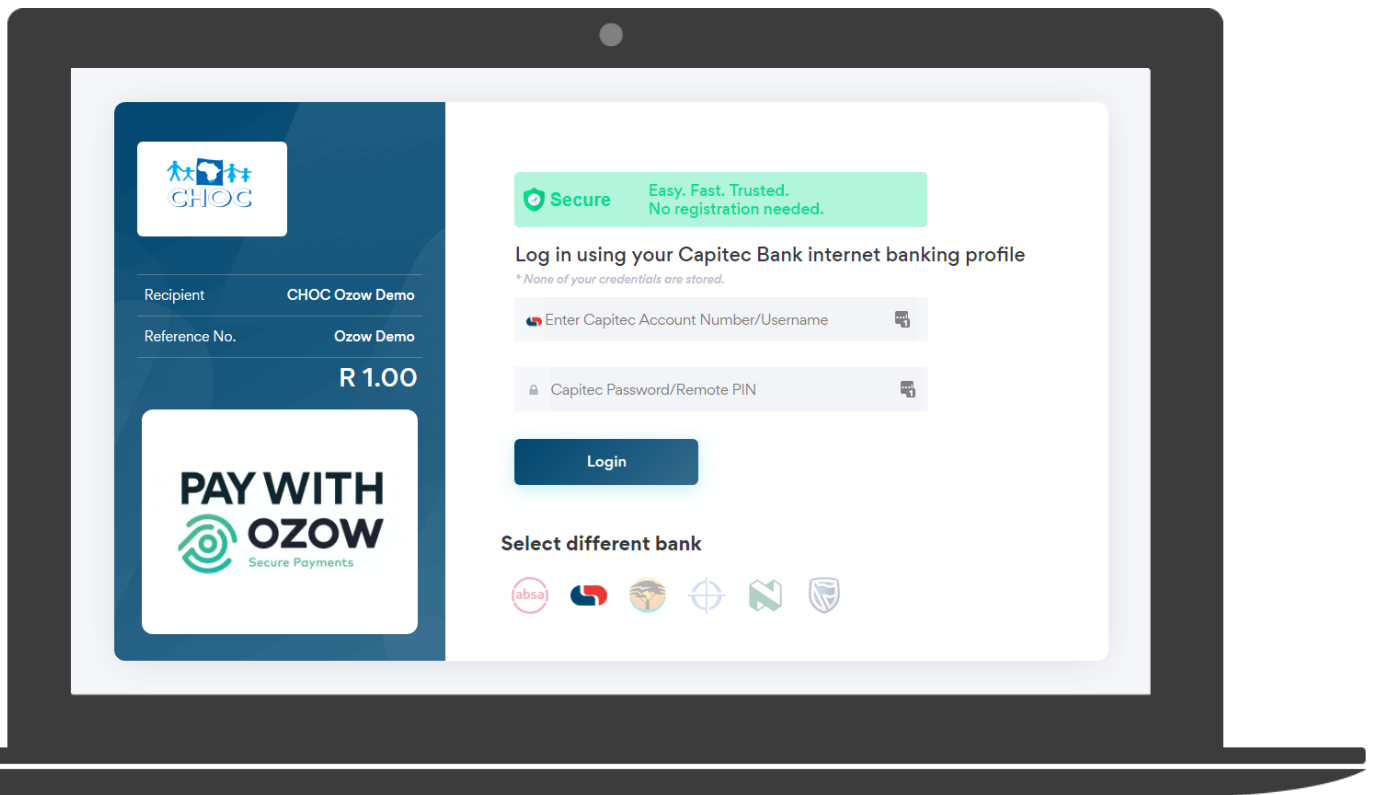

- a. Mobile App Authentication via the Absa App.
- b. A One-Time Pin (OTP) via SMS, entering the PIN via Ozow and then clicking the red “Pay” button.
- c. A Push Message.

7. Payment Successful

Payment Success

Capitec User Manual

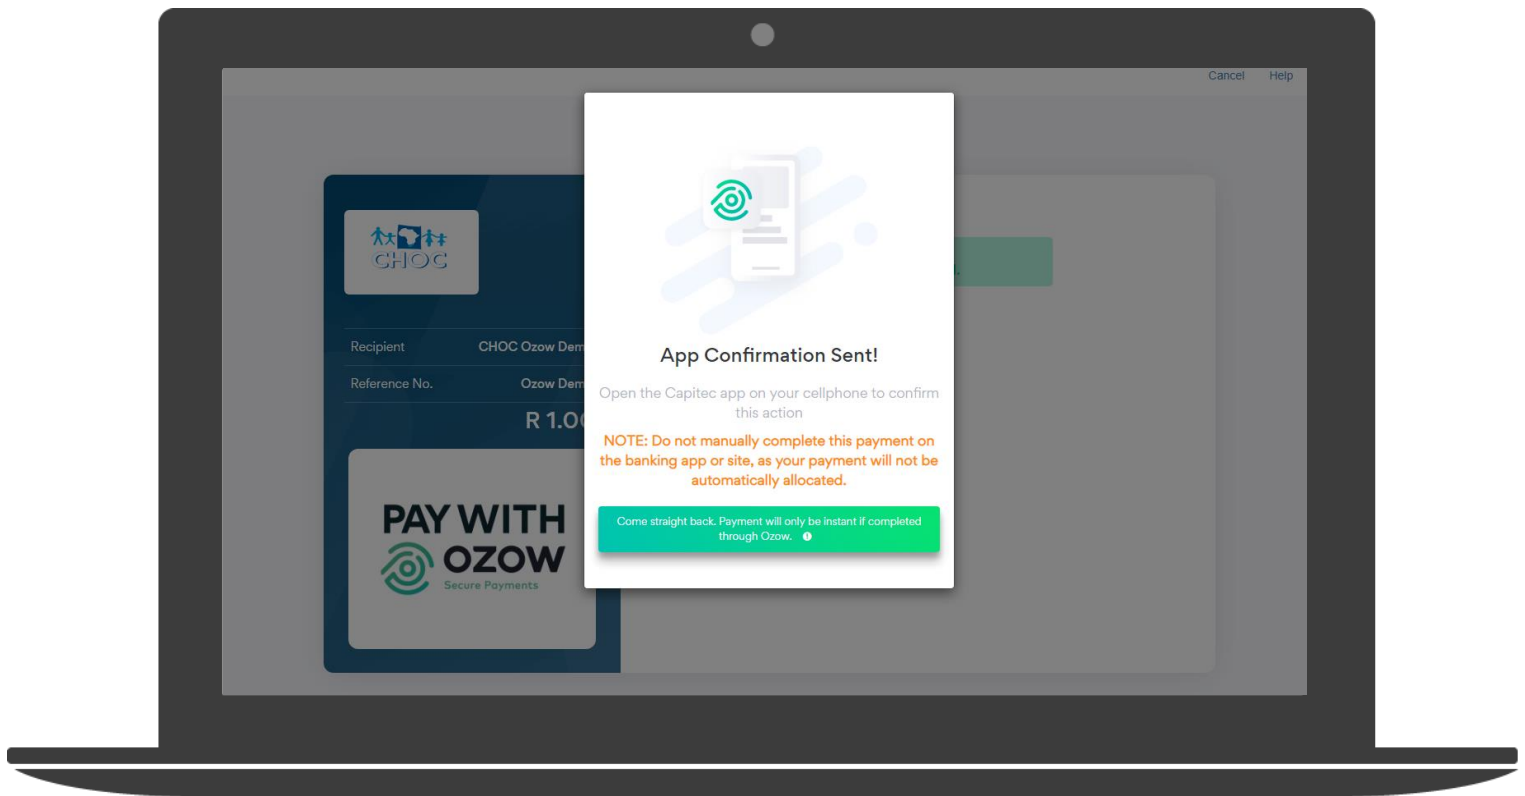

1. Capitec Login Screen

1.1. Enter the logins you currently use for your internet banking. Enter:

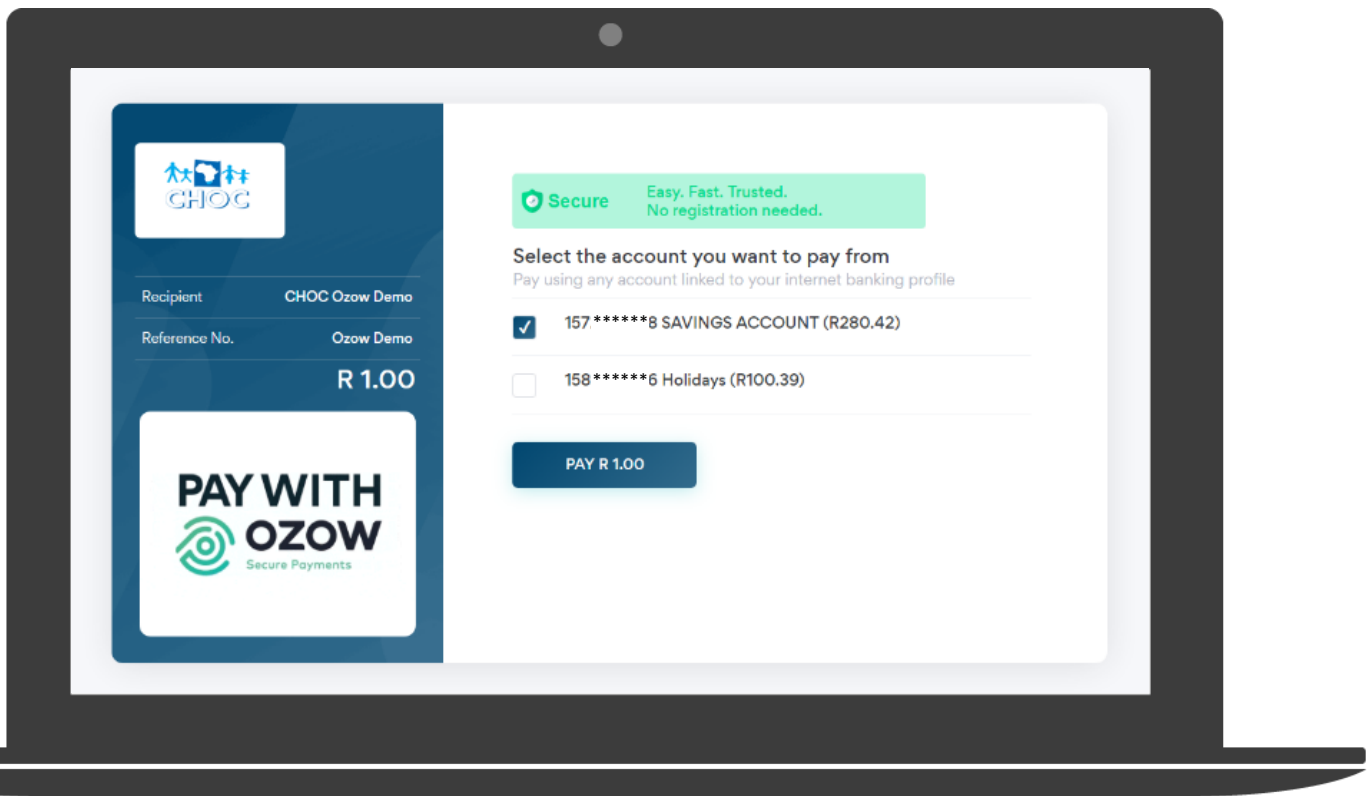

- a. Your Capitec Account Number or Username.
